 E: LytleRAR@gwtc.net | W: www.LytleRedAngus.com | f Lytle Red Angus Ranch

Family owned and operated, the Lytle Ranch has grown not just in size but in productivity. We place a high importance on producing the best cattle, hay, and people that we can. Using past knowledge and current technology we are constantly learning and adapting to create the best Ranch experience for both our family and our consumers. Take a look at what we have to offer, you won't be disappointed.

All bulls are coming 2-year-olds.
 All bulls are forage developed.
 All bulls will pass a semen test.
 All bulls have tested OSF.

This is the only bull to actually get a name. I admit he is very special to me. He is out of my favorite bull and cow. Don't be fooled by this cow's weight. I would guess her to be a frame 5 packed full of muscle. She was also bred during the atlas storm before she was weaned from her mom, calved on her own the end of June, and still bred up with the other yearlings before we pulled the bulls in mid-August. Can you say fertility. She hasn't missed a calving season yet. Heifer bull all the way.
