

A photograph taken from a first-person perspective looking over the back of a horse. The horse has a long, thick black mane and brown ears. It is standing on a dry, grassy hillside with scattered pine trees. In the background, a wide valley with rolling hills and more trees is visible under a hazy sky. The image is framed by a dark wood border at the top and bottom.

Another successful year at Lytle Red Angus! Our bulls fleshed up nicely on summer grass and weathered a nasty two weeks in December with minimal impact. Our cows kept excellent condition all year and raised another outstanding calf crop. In keeping with our strict breeding and calving requirements, our herd continues to be very efficient – weaning approximately 45% of their body weight as a herd. As always, we look forward to helping improve your herd as well!

All bulls are coming 2-years old.
All bulls are forage developed.
All bulls have tested OSF.
All bulls will pass a semen test.
All bulls will be Trich tested.

LET THE BEST OF OUR HERD COME TO YOURS!

Bulls are available for viewing at
22781 Crooked Creek Road, Wall, SD
(same location, different address)
